

10 March 2021

Dear Members,

HKSMS has been organizing yearly workshops or lecture series since 2002 with the objective to promote the understanding and applications of mass spectrometry among professionals in related disciplines. The target audiences are professionals from governmental institutions, hospitals, universities and industries. Previous workshops and lecture series have always been well received by our members.

Due to the outbreak of COVID-19, the Council has decided to organize an online mass spectrometry workshop series this year, which will be held in March, April and May.

The theme of the online workshop series is ‘**Working Principles and Practical Issues of Mass Spectrometric Instrumentation**’. The major aim of this workshop is to provide all of you with some knowledge about basic principles and practical knowledge of mass spectrometry. The workshop will be held on three **Fridays** (i.e., **26 March 2021, 16 April 2021 and 7 May 2021**), **from 7:00 p.m. to 9:00 p.m. at Zoom**. We are privileged to have invited different MS companies to share their knowledge and experiences in using mass spectrometric instrumentation.

We look forward to seeing you at the HKSMS Workshop Series 2021. We now invite you to make your registration by filling in the form at

<https://forms.gle/QtdfUaaTdFTw5Ypc7> **on or before 22 March 2021 (Session 1), 12 April 2021 (Session 2) and 3 May 2021 (Session 3) respectively.**

Non-members can register for the workshop upon joining HKSMS. While non-members register for the workshop via the above link, you will be asked to apply for HKSMS membership in the next page or you can visit the link below for membership application.

<https://forms.gle/QRSuq3FtEghZgAXC9>

If you have any enquiries, please feel free to call our membership administration officer Ms Rebecca Chau, at 3568 3581 during office hours (10:00-17:00) or send your enquiries via email to info@hksms.org.

Best regards,

Zhongping Yao
President, HKSMS

HKSMS Workshop Series 2021

Theme:	Working Principles and Practical Issues of Mass Spectrometric Instrumentation
Mode:	Online via Zoom
Dates:	Fridays, 26 March, 16 April and 7 May 2021
Time:	7:00 p.m. – 9:00 p.m.
Fee:	Free of charge for HKSMS members Non-members can register upon joining HKSMS

Detailed Schedule:

Session 1: 26 March 2021 (Chaired by Dr. Zhongping Yao) - Registration Deadline: 22 March 2021 (Monday)	
7:00 – 8:00 p.m.	Modern Mass Spectrometry Solving Ancient Mystery Dr. Stephanie Lee, <i>Product Specialist, Agilent Technologies HK</i>
8:00 – 9:00 p.m.	Working Principles and Practical Issues of Orbitrap Mr. Huang Haoran, <i>Senior Application Engineer, Thermo Fisher Scientific</i>
Session 2: 16 April 2021 (Chaired by Dr. Henry Lam) - Registration Deadline: 12 April 2021 (Monday)	
7:00 – 8:00 p.m.	Principles and Applications of ICP-MS Mr. Xiaoling Ma, <i>Senior Application Scientist, PerkinElmer</i>
8:00 – 9:00 p.m.	Discover Cyclic Ion Mobility Mass Spectrometry – Insights into Technology and Applications Dr. Dale Cooper, <i>Senior Application Chemist, Waters Corporation</i>
Session 3: 7 May 2021 (Chaired by Dr. Andy Siu) - Registration Deadline: 3 May 2021 (Monday)	
7:00 – 8:00 p.m.	Triple Quadrupole MS with Linear Ion Trap feature Mr. Marvin Tang, <i>Field Application & Market Development Specialist, AB Sciex (HK)</i>
8:00 – 9:00 p.m.	Mass Spectrometry Imaging: Basic Principles, Workflow and Applications Dr. Pengfei Li, <i>Application scientist, Bruker (Beijing) Scientific Technology Co., Ltd.</i>
