POLYTECHNIC UNIVERSITY

香港理工大學

Department of

Applied Biology and Chemical Technology

Hong Kong Society of  
Mass Spectrometry

香港質譜學會

*Distinguished Lecture*

# Enabling Analytical Mass Spectrometry for Proteomics and Metabolomics Research

**Date:** 10 October, 2011 (Monday)  
**Time:** 5:30 p.m.  
**Venue:** M1603, Li Ka Shing Tower  
The Hong Kong Polytechnic University

## Speaker

**Professor Liang Li**  
Department of Chemistry  
University of Alberta  
Edmonton, Alberta  
Canada

*All are welcome*

## Speaker's Biography

Dr. Li obtained his B.Sc. degree in Chemistry from Zhejiang (Hangzhou) University, China, in 1983, and his Ph.D. degree in Chemistry from the University of Michigan, Ann Arbor, Michigan, in 1989, under the supervision of Professor David M. Lubman. After graduation, he joined the Department of Chemistry at the University of Alberta in July 1989, where he is now a Professor of Chemistry, Adjunct professor of Biochemistry and Tier 1 Canada Research Chair in Analytical Chemistry. Dr. Li's research interest is in the area of developing analytical mass spectrometry for biomolecule and polymer analysis, including proteomics and metabolomics applications. He has won several awards including the Rutherford Memorial Medal in Chemistry from the Royal Society of Canada (2003), the F.P. Lossing Award from the Canadian Society for Mass Spectrometry (2006), the Maxxam Award from the Canadian Society of Chemistry (2009) and the Gerhard Herzberg Award from the Canadian Society for Analytical Sciences and Spectroscopy (2010). Dr. Li has served on editorial boards of several journals and is an editor of *Analytica Chimica Acta*.
