

20th February, 2014

Dear Members,

HKSMS has been organizing yearly workshops or lecture series since 2002 with the objective to promote the understanding and applications of mass spectrometry among professionals in related disciplines. The target audiences are professionals from governmental institutions, hospitals, universities and industries. Previous workshops and lecture series have always been well welcomed by our members.

The theme for this year's HKSMS workshop is '**Bioinformatics and Data Analysis**'. Three lectures will be scheduled and the venue will be the seminar room Y715-716 in Lee Shau Kee Building at The Hong Kong Polytechnic University. The workshop will be held on 29th March 2014 from 2:00 pm to 4:50 pm. It is our privilege to have **Mr. David K.K. Leung** and **Dr. Ricky Kong** as our guest speakers. This year, I will also be one of the speakers in the workshop. Details of the lectures can be found in the enclosed information sheet together with the registration form.

You are cordially invited to join the HKSMS Workshop. Non-members can register for the workshop upon joining HKSMS. A certificate of attendance will be issued to all registered participants after completion.

If you have any enquiries, please feel free to call our membership administration officer - Ms Rebecca Chau, at 3568 3581 during office hours. Alternatively, you can send your enquiries via email to info@hksms.org.

Best regards,

Terence Poon,
President, HKSMS
