

19 February 2019

Dear Members,

HKSMS has been organizing yearly workshops or lecture series since 2002 with the objective to promote the understanding and applications of mass spectrometry among professionals in related disciplines. The target audiences are professionals from governmental institutions, hospitals, universities and industries. Previous workshops and lecture series have always been well received by our members.

The theme for this year's workshop is '**Applications of Mass Spectrometry in Clinical Investigation**'. The major aim of this workshop is to provide all of you with some knowledge about clinical investigation using mass spectrometry. The workshop will be held on **16 March 2019 (Saturday) from 2:00 p.m. to 5:00 p.m. at LT-7, 4/F University Concourse, Yeung Kin Man Academic Building, City University of Hong Kong, Kowloon Tong**. We are privileged to have invited *Prof. Rong Wang from BGI Genomics, Prof. Ching Wan Lam from The University of Hong Kong and Dr. Richard Kin Ting Kam from The Chinese University of Hong Kong* to share their experiences in the clinical investigation and routine clinical operations using mass spectrometry.

We look forward to seeing you at the HKSMS Workshop 2019. We now invite you to make your registration by filling in the form at

https://docs.google.com/forms/d/e/1FAIpQLSc7h1ZPBqvATo7kVoXyOnD83wPmoOu2VSx-bvaqqZqZYcFQcw/viewform?usp=pp_url **on or before 8 March 2019.**

Non-members can register for the workshop upon joining HKSMS. While non-members register for the workshop via the above link, you will be asked to apply for HKSMS membership in the next page or you can visit the link below for membership application.
